

[The Optometric Center of Los Angeles]

LIONS LOW VISION SERVICES (L.O.V.E.) PROGRAM

The L.O.V.E. Program, in cooperation with the Optometric Center of Los Angeles and the Southern California College of Optometry offers complete vision care. Patients of the program receive complete vision examinations, prescribed corrections, and treatment. Patients can expect top quality services from the Optometric Center, a teaching clinic staffed by optometrists, ophthalmologist, and qualified clinicians supported by friendly office staff

LIONS SIGHT & HEARING FOUNDATION OF SOUTHERN CALIFORNIA

“Those who care for those in need”

The mission of the Lions Sight & Hearing Foundation is to provide vision related surgery and medical devices and accessory equipment, training, and services to the visually impaired, blind, deaf, and hard of hearing legal residents of Southern California referred to it by local Lions Clubs

MOBILE SCREENING UNIT, INC.

(M. S. U.)

MOBILE SCREENING UNIT, INC.
20700 S. Avalon Blvd. #343
Carson, CA 90746

MISSION STATEMENT

To empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions Clubs

VISION STATEMENT

To be the global leader in community and humanitarian service

"The opportunity I bring to you, Lions, is this: To foster and sponsor the work of the American Foundation for the Blind. Will you not help me hasten the day when there shall be no preventable blindness; no little deaf, blind child untaught; no blind man or woman unaided? I appeal to you Lions, you who have your sight, your hearing, you who are strong and brave and kind. Will you not constitute yourselves Knights of the Blind in this crusade against darkness?" Helen Keller's challenge to the Lions

MOBILE SCREENING UNIT (M.S.U.)

The Mobile Screening Unit, Inc. was established as a District project in 1984 under the leadership of then DG Kay Izuka. Its origins go back to 1970 when a converted school bus called "The Eye Mobile" was operated in District 4-L1. In 1971, the president of the Hollywood Lions Club, Lion Cliff Gill, with the support of then District Governor Don Banker, spearheaded a drive to raise funds to purchase the 4-L1 unit. Five clubs donated \$1,000 each, including Hollywood, Miracle Mile, West Torrance, North Torrance, and South Torrance Lions Clubs.

The other clubs in the district were quick to support the new project.

A 1984 34-foot Chevrolet RV was purchased in 1984 for \$65,000 with donations from clubs in the district and matching funds from LCIF. The unit served us well for 25 years, screening more than 60,000 residents for eye, hearing, and blood pressure deficiencies throughout our communities.

Several years ago, the officers and directors of MSU began collecting donations from various clubs in our district to purchase a new unit and raised approximately \$55,000. On September 1, 2008, with the assistance of Lion Dave Haden of West Torrance Lions Club and then VDG Rudy Salvio of L. A. Corregidor Lions Club, MSU completed and submitted a grant request for matching funds from LCIF. LCIF approved the grant for \$55,000 giving us a total of \$110,000 with which to purchase a new unit.

Our new unit is a 2009, 37-foot Aerbus equipped with two entry doors, two roof air conditioners, a 16-ft flush mount awning, two electric steps, a back-up camera, a generator, vinyl floors, and cherry wood cabinets. This is a unit we can be proud to display at any community event.

All clubs in District 4-L3, with the aid of their members, can provide free screening at various locations in their communities throughout the year. For availability, cost and additional information, please contact the Scheduling Director.
